

Dear Dr. Powers,

Thank you for saving Sprout's life. Sprout feels much better because you took out his eye. We know Sprout is happy because he runs around and squeaks, it seems like he is smiling and winking at us, and he eats a lot. We think if Sprout could talk, he would say "Thank you very much."

Your Friends,

Alexis, Ayden, Ella, Lysander, Sienna, Sophie, Sy, and Ms. Rooy
