

EXERCISE YOUR RIGHT TO VOTE

Dear Voter:

Several people have asked me why I have not replied to the accusations of the “team up for change” candidates running for the Peaine Township Board. Because I do not want to look back with regret after the election, I am sending this letter with my sincerest thoughts.

How sad that a handful of people have put so much effort into reaching back through 20 years of township history! Their only goal has been to find anything, no matter how trivial that, in their opinion has been done “incorrectly.” I can’t understand why they have spent countless hours digging into records to come up with misleading and incomplete information to embarrass the hard working township officials who have served before them. Criticism of days past has been the mission of this group. Wouldn’t their time have been better spent looking forward? How much progress could have been made with a more positive, cooperative approach?

I respectfully ask you to consider that there are always two sides to every story, that facts are often twisted for political reasons and that the township board members, including myself who are being attacked have done an overall good job of working for the best interests of all Island residents.

Please feel free to contact me if I can answer any questions about the accusations being made by the “team up for change” candidates.

Thank you for your vote,

Larry Kubic
